Sir:

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), Applicant brings to the attention of the Examiner the documents listed on the attached SB08A and SB08B forms. This Information Disclosure Statement is being filed after the events recited in 37 C.F.R. § 1.97(b) but, to the undersigned's knowledge, before the mailing date of a final action under § 1.113, a notice of allowance under § 1.311, or an action that otherwise closes prosecution in the application. Under the provisions of 37 C.F.R. § 1.97(c), this Information Disclosure Statement is accompanied by a fee of \$180.00 as specified in Section 1.17(p).

The undersigned wishes to bring to the attention of the Examiner other co-owned and co-pending applications, and one co-owned issued patent, which may contain subject matter related to the subject matter of the instant application. In the following table, "NF" indicates "non-final" and OA indicates "Office Action."

Applicants have further listed, on the accompanying SB 08A forms, the published application documents and/or issued patents for each of these cases, and the primary references that were cited in rejections made under 35 U.S.C. §§ 102 and 103 in each of the Office Actions in these related cases, if these references were not previously cited in an earlier-filed IDS. Applicants have further listed, on the accompanying SB 08B forms, the substantive Office Actions and Replies in each of these related cases for consideration by the Examiner, if these documents have not been previously cited in an earlier-filed IDS. Applicants have also provided foreign search reports of the subject application and the related applications, and cited material references listed on the foreign search reports.

Copies of foreign patent references and non-patent literature documents are being submitted with this letter in an EFS-Web submission. Applicant respectfully requests that the Examiner consider the listed documents and indicate that they were considered by making the appropriate notations on the attached forms and returning the initialed and signed forms with the next communication.

The undersigned notes that the following foreign documents have been listed on the accompanying IDS forms, but copies of these documents have not been provided pursuant to 37 CFR 1.98(c) because these documents are cumulative as noted:

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that the listed documents are material or constitute "prior art." If the Examiner applies any documents as prior art against any claims in the application and Applicant determines that the cited documents do not constitute "prior art" under United States law, Applicant reserves the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

Respectfully submitted,
